LONDON · RELOCATING TO DUBAI

I find and underwrite property for people who already have money — in the UK, Dubai and Thailand — and I sell it the way a private-dining host serves a table: quietly, precisely, and with the numbers already done. In the last year I have built an investor desk from nothing: a live developer-direct Dubai pipeline across Binghatti's branded residences, Damac, Sobha, Emaar, Danube, Ellington and Aldar; a published market analysis from Dubai Land Department data; a partner chain for finance, build, furnishing and management; and a client who credits our deals with six figures of revenue. Before property I spent [X] years running a private dining business for high-net-worth clients, which is where I learned the only sales skill that matters at the top of the market — being trusted. I want to do this full-time, on the ground, with a brokerage whose standards match.

EXPERIENCE

Founder & CEO — Sam n Harv Investment (S L Grants Ltd)

2025 – present · UK / Dubai / Thailand

Private property sourcing and investment desk, co-founded with my brother Harvey (Thailand).

- **Dubai, developer-direct.** Built a launch-allocation pipeline and unit-by-unit showcase across Binghatti (Bugatti Residences, Burj Binghatti Jacob & Co, Mercedes-Benz Places), Damac, Sobha, Emaar, Danube, Ellington and Aldar (Saadiyat, Yas) — prices, payment plans, handover dates and unit mixes maintained from developer sources; every enquiry routed to WhatsApp with the unit pre-filled.
- **Market analysis.** Compiled sixteen years of Dubai Land Department transaction data (via DXB Interact) into published charts and four investor notes: off-plan at 73% of sales, the off-plan premium narrowing from 66% to 19%, area yields from 8.3% to 4.4%, and a developer resale-gain scorecard. I sell Dubai with the data, not the skyline.
- **Underwriting.** Built the firm's BRR model (cash purchase → 75% refinance, SDLT, legals, furnishing, holding) and a worst / likely / best case ROI discipline with a 50%-return-on-money-left-in bar; ran it across eleven live listings for a cash client and structured a 3-flat conversion (subject to planning).
- **Client results.** A serviced-accommodation operator credits our deals with "adding six figures in revenue" (Google review); over twelve months of local-authority supported-accommodation placements run inspection-ready; two serviced units operated day to day.
- **The complete package.** Assembled a partner chain investors can use end to end — Lendhub (bridging), Watts Commercial Finance (whole-of-market), an architect and builder, Base Furnishings, Summit Property Group (hands-off management).
- **Brand and pipeline.** Designed and built samnharv.co.uk, the CRM, the investor brief and enquiry flows, the sales process (a 32-step investor playbook) and the content programme; networked into Mayfair lender, furnishing and management relationships.

EXPERIENCE, CONTINUED

Founder — Samuel's Food, private dining

[year] – [year] · [location]

Luxury private dining for high-net-worth clients in their homes and venues.

- Built a client base of [number] private clients by referral; repeat bookings from [notable clients / households / events — no names needed, describe the calibre].
- Ran the whole business — sales, pricing, service, suppliers, staff of [n] — to a standard where one mistake ends the relationship. The discipline I bring to a listing presentation.
- [one number: revenue / covers / events a year]

[Earlier role — title, employer]

[years]

- [two bullets: what you sold or ran, and one result]

WHAT I BRING TO A DUBAI DESK

The Dubai market, already learned.
Communities, developers and their delivery records, payment-plan structures, DLD fees and Oqood registration, Golden Visa thresholds, the UK-buyer tax picture — and the current cycle position, from the data.

A UK investor network to bring with me.
Sterling buyers who want dollar-pegged growth, qualified the way I already qualify them: identity and proof of funds before particulars.

Selling to wealth.
Years of serving high-net-worth clients face to face. No pitch, no pressure, the numbers done first — the register Palm and Downtown buyers respond to.

Underwriting, not brochures.
I model the exit flat and say so. Clients stay because the second deal was as honest as the first.

Content that converts.
Reels, carousels and data notes built to a brand standard; a WhatsApp-first enquiry flow; a booked-call funnel.

Operator's discipline.
Run properties day to day, including council placements inspected to a standard. I know what happens after handover.

COMPLIANCE & TRAINING

- Anti-money-laundering trained · GDPR (UK, advanced) trained · Enhanced DBS · Risk assessment, fire awareness, conflict resolution, EDI
- Professional indemnity and public liability insured (S L Grants Ltd, Companies House 16505504)
- RERA: ready to complete the DREI Certified Broker course and exam immediately on arrival; UAE residency via employer sponsorship

SKILLS

Investor qualification & KYC · Off-plan launches & payment plans · Comparable analysis & underwriting · Negotiation · CRM & pipeline management

WhatsApp-led sales · Listing presentation · Instagram content & short-form video · Brand and web (built samnharv.co.uk) · Data analysis (DLD / DXB Interact)

EDUCATION

- [Qualification, institution, year]

PERSONAL

- British. Available to relocate to Dubai immediately; full clean UK driving licence [confirm].
- References: a serviced-accommodation company director and a landlord client, both on request; reviews public on Google.
